EXPERIENCE

HACHIWEB | FULL STACK DEVELOPMENT (LAMP) INTERN

May 2022 – Aug 2022 | Full Time | Dehradun, Uttarakhand
Hachiweb (HW) have been helping built up brands rethink their business by structure effective advanced designing arrangements fueled technologies.

- I worked as a full-stack developer, utilizing JavaScript, PHP, MySQL, and Laravel technologies to create API links and WordPress websites.
- I contributed to the development of several projects, including Fish Event, BulBul-Taxi and Pan Peninsula Properties.
- I had the opportunity to work on international projects like Happy Club United and Bulbul-Taxi, where I developed a PHP-based Laravel framework website.

REDGATES IT SOLUTION | MERN STACK DEVELOPER INTERN

April 2023 – Present | Remote | New Delhi, India
Redgates make digital solutions for software-driven businesses of the present era.

- Working as a MERN Stack Developer, I am further enhancing my skills in ReactJS, NodeJS, and ExpressJS Technologies.
- I am actively involved in the development of the ReplyMig project, where I am responsible for building efficient and scalable web applications.

PROJECTS

PANPENINSULA PROPERTIES June 2022 – Aug 2022 | London

- Lead the development of **Pan Peninsula Properties**, presenting a unique targeted way to advertise your property for both rentals and sales.
- Successfully developed WordPress language website for Pan Peninsula properties.
- Languages used : JavaScript, PHP, WordPress.

HAPPY CLUB UNITED Aug 2023 – Sep 2023 | Dubai

- Lead the development of **Happy Club United**, an offering amazing deals and discounts on the largest selection of products and services.
- Successfully developed PHP language of Laravel framework website for Happy Club United at Dubai office.
- Languages used : JavaScript, PHP, Laravel.
